

2022 Home Office Worksheet

Name: _____

A home office is defined as an area that is used **regularly and exclusively** for business purposes. Maintain records to substantiate your amounts.

Two methods are available for the deduction:

1. Simplified Method- Standard deduction of \$5/square foot of home used for business. Please complete only Square Feet information.
2. Actual Expense Method- You must retain receipts.

Description	Amount
<i>Complete this section for either method used.</i>	
Square Feet or Size of Office	
Total Square Feet of Home	
 	
<i>For Actual Expense Method, complete the below items that apply.</i>
